Integrated Medical Headwalls

Architectural Wallsz is a leader in the design of innovative, prefabricated modular solutions, using modern methods of construction (MMC) designed to reconfigure existing hospitals for your current needs and adapt easily to future challenges.

Designed and constructed to meet the ever-changing clinical requirements and comply with all relevant standards and support fast-track construction programmes.

Streamlined Construction

- Rapid installation
- Fully compliant
- Flexible, adaptable and future-proof
- Minimal disruption on site
- Fully customised to suit each bed space

Infection Control

- A choice of easy to clean surfaces
- Seamless and impact resistant
- Compatible with all healthcare cleaning procedures
- Customizable layout to suit every level of care

Architectural Wallsz

Integrated Medical Headwalls
Infinitely Customisable

Have complete control of your clinical space with our innovative prefabricated system that gives you the advantages of off-site fabrication for fast, affordable, and sustainable solutions.

Meeting your Net-Zero carbon targets while achieving the wider social value priority and encompassing all the following patient care objectives.

Immerse yourself in the design and specification using virtual reality to ensure optimum usability and function with your dedicated designer.

Our Promise:

- **10 year guarantee on materials**
- **30 years expected lifespan**
- **HVAC consultation provided for your project**
- **Precise, upfront quotations**
- **Intelligent 3D rendering and VR review**
- **Maintenance and service packages available**

Structure
1. Aluminum frames
2. Standard ceiling trim
3. Wall-mounting brackets
4. Modular blocking

Medical Gases
5. Medical gases (include air, oxygen, and vacuum)
6. Suction cannister slides

Electrical, Network and Low Voltage
7. Pre-wired electric for essential (emergency) branches
8. Pre-wired electric for non-essential (normal) branches

Accessory Integration
9. Accessory Rail or Brackets
10. Custom cut-outs for electrical boxes and other accessories
11. Cut-out code blue
